NEXFIRM CONTINUES GEOGRAPHIC EXPANSION TO ILLINOIS AND IDAHO

New York, NY - September 10, 2014 - NexFirm, a leading provider of back office services for law firms, announced that it has continued its geographic expansion by adding clients in Illinois and Idaho during the third quarter of 2014. "NexFirm's growth continues at a healthy pace, and continues to take us into new markets geographically," commented David DePietto, CEO of NexFirm. "We find new client engagements come to us primarily through existing client referrals; we expect that we will continue to expand into new regions where attorneys seek our services because our clients make a recommendation."

NexFirm currently services clients in 14 states plus the District of Columbia, and has infrastructure to support a client base in all 50 states. The company plans to expand to three additional states in 2015.

NexFirm provides outsourced back office support services to small and mid-sized law firms, including HR and benefits, finance and accounting, IT and telecommunications and administration and operational functions. Founded in 2008, NexFirm is based in New York City and serves clients across the country and in a variety of practice areas. For more information about NexFirm, visit www.nexfirm.com or call 212-292-1000.
